Knapstein

SVEA-L40

Version

- gold
- nickel
- bronze
- black

Technical details

Country of Manufacture	Germany
Manufacturer	Knapstein
Designer	Knapstein
Year of design	2019
protection	IP20
Scope of delivery	LED
Diameter in cm	40
material	metal
height adjustment	height adjustable
dimming	gesture control
Wattage	33 W
LED	inclusive
Colour Rendering Index	>90
Luminous flux in lm	4,522
Color temperature in Kelvin	2,700 extra warm white
canopy dimensions	30 cm
bulb exchange	at the manufacturer / at the factory
total height	70 - 170 cm
Dimensions	H 3.4 cm | Ø 40 cm

Description

The Knapstein SVEA-L40 pendant lamp has a diameter of 40 cm. The lamp emits light both upwards and downwards. The uplight and downlight can be switched separately and dimmed continuously. The sensor area for gesture control is located on the top and bottom of the lamp. The light is switched on or off by a wiping hand movement in the sensor area. To dim the lamp continuously, hold your hand in the sensor area for a longer period of time. A memory function saves the luminous intensity last set and automatically selects it the next time it is switched on.

The SVEA-L40 is available in matt nickel, black, bronze effect and gold-coloured matt lacquered finishes. By pulling or lifting the lamp, the total height of the lamp can be adjusted between 70 cm and 170 cm. The pendant lamp by Knapstein is also suitable for suspension from sloping ceilings. No screws are visible on the ceiling canopy, as the canopy is held in place by magnets. The pendant light is available with a diameter of 60 cm. The series also offers pendant lamps with height determination by means of stop sleeves on the ceiling canopy. These are available with a diameter of 40 cm, 60 cm or 80 cm. The SVEA is also offered in other lengths or finishes on request.
