

Technische Daten

Technical Data

The lamp base made of oak rods in combination with a base ring made of powder-coated steel is complemented by a textile lampshade that surrounds the lamp. The LED bulb is included in the delivery. Power supply via continuously dimmable cord dimmer. The rubber cable can be integrated in the wooden stand as needed. Switching and dimming by foot via the cord dimmer.

Switching: by pressing briefly; Dimming: by pressing and holding

Design: Nik Back 2020

The image displays four technical drawings of the 'Lampadaire' by Gae Aulenti, arranged in a 2x2 grid. Each drawing includes dimensions for width, height, and base width.

- Top Left (Tall Lamp):** A yellow rectangular shade with a width of 320 and a height of 350. It is supported by a complex, crisscrossing black metal structure. The total height of the lamp is 1600. The base width is 250. The distance from the wall to the base is approximately 2800 (ca. 2800).
- Top Right (Tall Lamp):** A yellow rectangular shade with a width of 320 and a height of 350. It is supported by a simple, vertical black metal structure. The total height of the lamp is 1600. The base width is 250. The distance from the wall to the base is approximately 2800 (ca. 2800).
- Bottom Left (Small Lamp):** A yellow rectangular shade with a width of 220 and a height of 250. It is supported by a complex, crisscrossing black metal structure. The total height of the lamp is 550. The base width is 180. The distance from the wall to the base is approximately 1600 (ca. 1600).
- Bottom Right (Small Lamp):** A yellow rectangular shade with a width of 220 and a height of 250. It is supported by a simple, vertical black metal structure. The total height of the lamp is 550. The base width is 180. The distance from the wall to the base is approximately 1600 (ca. 1600).
