Big Bang LED

Oberfläche

- red
- white

Version

- DALI dimmable
- not dimmable

Technical details

Country of Manufacture

Manufacturer
Foscarini
Year of design
protection
IP20
Scope of delivery
LED

material aluminum, methacrylate

cable length 320 cm

height adjustment height determinable

Wattage 37 W
LED inclusive
Colour Rendering Index >90
Luminous flux in Im 3,260

Color temperature in Kelvin 3,000 warm white

canopy dimensions 22 cm

Dimensions H 63 cm | B 90 cm

Description

The Foscarini Big Bang LED is a sensational LED pendant lamp. Enrico Franzolini and Vicente Garcia Jimenez succeeded in keeping a very unique dynamics with the Big Bang Sospensione. The differently sized methacrylate plates overlapping each other seem randomly arranged as if an explosion took place before. This overlapping arrangement creates a diffuse and dazzle-free light distribution and it results in a pleasant atmosphere inside the room. The Foscarini Big Bang Sospensione has a mounting consisting of lacquered metal.

This pendant lamp is equipped with a LED light source and is offered as one DALI dimmable and one non-dimmable version. In addition, red or white colour is offered for the surface.
