Description

The Byok Piani Rondo 48 Downlight is a round pendant light. The lamp body is milled from solid aluminum and is 0,8 cm thin. The diameter is 48 cm. The light is available in different surfaces. The canopy is 30 cm high and 6 cm in diameter.

The integrated LEDs can be **dimmed on site with a trailing edge phase dimmer**. On request, they are also available with gesture control and Dim2Warm technology. With gesture control, the light is dimmed by holding the hand flat under the lamp. With Dim2Warm technology, the light takes on a warmer colour when dimmed. When dimmed, the light colour of the LEDs changes from 2,700 Kelvin extra warm white to 2,100 Kelvin extra warm white. The dimming range is between 0 and 100 percent. In addition, the lamp is also available on request as a version that can be dimmed by smartphone/tablet via Bluetooth.
