

# Byok

## Nastrino USM-Adapter

### Oberfläche

- matt aluminum
- matt black

### Technical details

**Country of Manufacture**

**Manufacturer**

Byok

**Designer**

Kai Byok

**Protection class / IP rating**

IP20

**Contents of the package**

LED

**Projection in cm**

60

**material**

aluminum

**cable length**

300 cm

**dimming**

gesture control

**LED**

replaced by professional

**Colour Rendering Index**

90

**Color temperature in Kelvin**

Dim to warm

**system performance**

2 x 3.6 Watt

**Total luminous flux in lm**

610

**light distribution**

directly

**Dimensions**

H 55 cm

### Description

The Byok Nastrino USM-adapter is a table lamp, characterised by its functionality. High-quality LED technics, combined with two dazzle-free light zones, create the ideal working light. This is underlined by the well-designed joint technics, used with the Nastrino USM-adapter.

The design is very nice as well, because this lamp consists of simple ground aluminium profiles. There are offered these surfaces: aluminium matt and matt black. Byok offers this lamp also with a table clamp, table stand, rotating base and wall lamp as well. This lamp is dimmed with gesture control. During dimming thanks to the Dim2Warm technology, the light takes on a warmer colour, changing the light colour of the LEDs from 2,700 Kelvin extra warm white to 2,100 Kelvin warm white.
