Description

The Cosmo Outdoor with IP44 protection class is the outdoor pendant of the famous Cosmo pendant lamp. The light is very decorative and a real eyecatcher, no matter where it hangs.

A circle of six lights knots dissolves into the third dimension, emitting its even, glare-free, on site dimmable light over swimming pools, gardens, inner courtyards, to give just a few examples. Two LED versions are available which distinguish from one another cause of their colour temperature.
