Description

The Ingo Maurer I Ricchi Poveri Monument for a Bulb combines an LED bulb in the shape of a light bulb with eight, delicate little figures. None of the figurines looks like the other, four are grouped at the socket of the bulb, three are fixed in front of the bulb. One figure, a full-bodied woman, sits at the edge of the group.

The bulb used for this table lamp is a special bulb with an output of 5 watts, which is specially made for Ingo Maurer and can only be used for the I Ricchi Poveri Monument for a Bulb with LED bulb. A dimmer with slider is integrated on the supply line. When dimmed, the light colour of the lamp changes to a warmer tone (from 2,700 Kelvin to 2,000 Kelvin extra warm white) thanks to the dim to warm technology.
