

Foscarini

Tartan

Technical details

Country of Manufacture	 Italy
Manufacturer	Foscarini
Designer	Ludovica & Roberto Palomba
Year of design	2015
protection	IP20
Scope of delivery	Leuchtmittel/Bulb
Diameter in cm	40
material	glass
surface	white
cable length	340 cm
height adjustment	height determinable
dimming	on site dimmable with a leading edge dimmer
socket/light fixture	E27
Power (max. Watt)	150 Watt
Luminous flux in lm	2,870
Color temperature in Kelvin	2,900 warm white
light distribution	room light
Dimensions	H 35 cm Ø 40 cm

Description

The Foscarini Tartan is a nearly spherical pendant lamp in white blown glass. The lamp has a relief structure which is reminiscent of the Scottish plaid kilts, hence the name. In the manufacturing process in order to produce this effect, the glass is blown into a mold having notches. In addition, the surface is treated with acid.

The result is a frosted glass which produces diffused ambient light and direct light downwards. This version can be used with halogen or fluorescent lamps as well as with LED retrofit. The cable with a length of 340 cm is shortenable if necessary. Also a longer cable is offered on request.
