Description

This Vibia Wireflow is a volumetric pendant lamp with glass diffusers designed by Arik Levy. The aesthetics of a chandelier is reinterpreted by this 3D Wireflow. The pendant lamp is stylishly modern reduced to the essentials and at the same time a strong, present form. The filigree appearance with 8 LEDs takes this type of light into a new, innovative and futuristic dimension. The Wireflow is on site dimmable and its height can be set.

It is offered in five sizes:

- Version 0303: diameter 55 cm, total length 80 200 cm
- Version 0302: diameter 70 cm, total length 100 200 cm
- Version 0301: diameter 89 cm, total length 120 250 cm
- Version 0300: diameter 120 cm, total length 140 250 cm
- Version 0299: diameter 150 cm, total length 150 250 cm
