Description

This Vibia Wireflow has glass diffusers and was designed by Arik Levy. The aesthetics of a chandelier are simplified avant-garde with this pendant light: stylishly modern reduced to the essentials and at the same time a strong present form. The filigree appearance with 4 integrated LEDs may be reminiscent of classic chandelier models, but leads these lights into an innovative and futuristic dimension. This Wireflow is height settable and can be dimmed by the customer.

The lamp is available in 5 sizes:
