

Foscarini

Tress Terra grande Halogen

Oberfläche

- greige grey-beige
- black
- white

Technical details

Country of Manufacture	 Italy
Manufacturer	Foscarini
Designer	Marc Sadler
Year of design	2008
protection	IP20
Diameter in cm	25
material	aluminum, glass fiber, metal
cable color	black
cable length	210 cm
dimming	cord dimmer
switchability	on the lead, separately switchable
system performance	1 x E27 par 100 Watt + 1 x R7s 250 Watt (max.)
Dimensions	H 195 cm Ø 25 cm

Description

The Foscarini Tress Terra grande Halogen is an extraordinary floor lamp, setting accents in the room. The diffuser of the lamp is made of tress; a web of threads and resin that gives the lamp structure and depth. Through the interplay of solid and hollow parts, it creates an interesting composition of light and shade.

The Tress Terra grande Halogen is 195 cm high. Like all lamps in this series by Foscarini, this light is also available in the colours black, white and greige (grey-beige). The halogen version requires at the same time two different bulbs: 1 x PAR 30 max. 100 watts and 1 x R7 250 watts max. Both lamps are separately switchable. The upper bulb can be dimmed, the lower one is switchable.
