

Foscarini

Tress Terra grande LED

Oberfläche

- greige grey-beige
- black
- white

Technical details

Country of Manufacture	 Italy
Manufacturer	Foscarini
Designer	Marc Sadler
protection	IP20
Scope of delivery	LED
Diameter in cm	25
material	aluminum, glass fiber, metal
cable length	210 cm
dimming	cord dimmer
switchability	separately switchable
Wattage	58.2 W
LED	inclusive
Colour Rendering Index	>90
Color temperature in Kelvin	2,700 extra warm white
Total luminous flux in lm	5,624
light distribution	room light
Dimensions	H 195 cm Ø 25 cm

Description

The Foscarini Tress Terra grande LED is a floor light with a height of 195 cm and a diameter of 25 cm at the top. Below it has the diameter of 20 cm, so it looks like a pillar. As materials fiberglass, painted metal and aluminum were chosen, one braid-like structure was created with holes through which the light shines outwards. At the same time light is emitted upwards.

For Tress Terra grande LED these surfaces are available: greige (grey-beige), black and white. The upper and the lower light source can be operated separately via a switch on the supply line. In addition, a cord dimmer to regulate the light intensity is present. As a designer, Marc Sadler is responsible, he also created several other Tress models for Foscarini except this light.
