## **Description**

The Ingo Maurer Zuuk has a lamp body made of heat-resistant, satined glass. The body is held by a stainless steel rod and the anodised aluminum canopy. Thanks to the anti-glare reflector, the lamp provides both a ceiling-directed light and general room lighting. The lamp can also be used for wall mounting. It is suitable for surface or flush-box mounting. Included in delivery is a grey surface mounting box with silver cover.
