Luceplan

Curl

Technical details

Country of Manufacture Italy

Manufacturer Luceplan

Designer Sebastian Bergne

Year of design 2012 protection IP20 Scope of delivery LED

material aluminum

dimming Dimmer at lamp base

Wattage 8 W
LED inclusive
Colour Rendering Index 80
Luminous flux in Im 249

Color temperature in Kelvin 3,000 warm white

Dimensions H 26 cm | B 21 cm | L 23 cm

Description

The Luceplan Curl is a table lamp with an integrated LED. The LED emits its light on the inside of the curved body, where it is reflected. The shape of the lamp base allows a different alignment and rotating of the lamp body. As a result, the light can also be adjusted at will.

The light can be dimmed via a switch in the center of the lamp base. The table light has a reflector in a mirror surface. Glare-free light is emitted. Sebastian Bergne designed the Luceplan light in the year 2012.
