Description

The Foscarini Buds Sospensione 3 LED has a diffuser made of mouth-blown glass, which is available in different colours. The warm white lamp appears white as long as it is switched off. When the warm white lamp is switched on, the colour becomes warmer and darker. This is the smallest pendant lamp in this collection with an integrated LED. It is available as non-dimmable or dimmable. The pendant lamp emits its light directly downwards and into the room at the same time. The pendant lamp can be individually set in its total height during assembly.
