

Vibia

Flamingo 1515

Version

- gold
- Graphite-grey
- copper
- white

Technical details

Country of Manufacture	 Spain
Manufacturer	Vibia
Designer	Antoni Arola
Year of design	2015
protection	IP20
Scope of delivery	LED
material	acrylic, aluminum, methacrylate, steel
height adjustment	height determinable
dimming	cord dimmer
LED	inclusive
Colour Rendering Index	>90
Luminous flux in lm	1,108
Color temperature in Kelvin	2,700 extra warm white
canopy dimensions	16 cm
Shade diameter	70 cm
system performance	2 x 5.6 Watt
total height	500 cm
Dimensions	H 80 cm

Description

Vibia Flamingo 1515 emits direct and indirect light. The light source is located in a lamp head below the two conical shades. The translucent shades let a part of the light go through and also reflect a part of the light into the room. A cable is integrated into the lamp head, with which the pendant light can be connected independently of the current outlet. The lamp head also carries a cable from which a counterweight hangs approximately 2 cm above the floor. The lamp head, the counter-weight as well as the canopy are available in gold satin matt, white matt lacquered, graphite-grey matt lacquered and copper glossy. The pendant lamp can be adjusted in height by shortening the cables if required.

A dimmer is integrated on the supply cable with which the light is dimmed and switched. The light is switched on and off by pressing the switch quickly, and a longer press sets the light intensity. There is also available the same lamp as with a direct ceiling connection.
