### Description

The Ingo Maurer 24 Karat Blau Wall consists of four covers of gold leaf, which is poured in acrylic glass. The shade has a height of 27 cm with a depth of 38 cm. The wall holder is made of red metal. The cable of the wall lamp is 250 cm long. A high-voltage halogen lamp with a maximum power of 60 watts is used as a light source. Optionally, an LED retrofit can also be used as a light source. The lamp can be operated via a switch on the cord. Axel Schmid designed the wall light in 2017.
