length 18, width 18 cm lamp stand dimensions

on site itself bulb exchange 7 x 1.5 Watt system performance Total luminous flux in Im 910

Dimensions H 95 cm | Ø 50 cm

Description

The Ingo Maurer Birdie's Busch LED table lamp can be individually designed by bending its light arms. Each of the seven light arms can be bent differently. At the end of each arm, a wing pair of goose feathers and an LED special lamp are integrated. These LED special lamps are specially manufactured by Ingo Maurer and have a classic incandescent shape. On the 200 cm long cable, an on / off switch is integrated. The table lamp can be dimmed on site.
