|                             |                   |

## Description

The Oluce Cylinda 218 NE is completely in matt black. The lamp body consists of two cylindrical parts. The upper, disc-shaped part contains an integrated LED with a colour temperature of 3,000 Kelvin wam white. The light is distributed directly downwards. An on / off switch is integrated on the cable. In addition to this black version of the Cylinda table lamp, also a version is available for which the upper part is painted in gold.
