### **Description**

The Catellani & Smith Light Stick CW Gold consists of a horizontal light rod attached to a holder. Both the light rod and the holder are satin-finished in gold. The rod is made of copper, the holder is made of metal. This lamp can be used as a wall or ceiling lamp. It is available in three different versions: with 4, 6 or 8 LEDs. The lamp with 4 LEDs has a width of 62 cm, the lamp with 6 LEDs 88 cm and the lamp with 8 LEDs 115 cm. The light is emitted from the light rod onto the wall or ceiling. In addition to this lamp in gold, a nickel wall lamp is also available.
