Description

The Catellani & Smith Albero della Luce has a lamp rod and 36 lamp arms. The light rod is made of waxed rough iron and has a height of 163 cm. The base of the lamp, measuring 53×53 cm, is also made of waxed rough iron. The lamp arms are individually bendable and each have a length of 150 cm. Depending on how the lamp arms are adjusted, the total height of the lamp changes from 280 cm to 300 cm. The lamp arms are made of brass. The floor lamp is wirelessly dimmable. It is supplied with a Casambi dimmer and a Casambi remote control, which are already programmed accordingly. The lamp can also be operated via the I-Pad or smartphone.
