

Anglepoise

Type 75 Mini Paul Smith

Ausführung

- 1
- 2
- 3

Technical details

Country of Manufacture	 United Kingdom
Manufacturer	Anglepoise
Designer	Kenneth Grange
Designer 2	Paul Smith
Year of design	2011
protection	IP20
Scope of delivery	LED
Projection in cm	55
material	aluminum, cast Iron
cable length	180 cm
socket/light fixture	E14
switchability	on the lead
Power (max. Watt)	15 Watt
LED	inclusive
LED (replaceable)	yes
Colour Rendering Index	80
Luminous flux in lm	470
Color temperature in Kelvin	2,700 extra warm white
light distribution	directly
Dimensions	H 40 cm

Description

The Anglepoise Type 75 Mini Paul Smith desk lamp is a colourful revision of the Type 75 Mini Desk Lamp. As with this table lamp, the arms of the Type 75 Mini Paul Smith can be readjusted at any time using tension spring technology. Thanks to the tension spring technology developed by George Carwadine in the 1930s, the lamp arms remain in any set position. The lamp shade can be rotated and tilted. The Type 75 Mini table lamp was originally designed by Sir Kenneth Grange and reinterpreted by Paul Smith with this desk lamp. It is available in version 1 (Edition One) and version 2 (Edition Two). The lamp shade and the lamp arms are made of aluminum, the lamp base of cast iron with aluminum cover. The supply cable has a length of 180 cm and an integrated on/off switch. LED retrofit or compact fluorescent lamps can be used to operate the table lamp.
