Description

The Vibia Flamingo 1540 emits ambient light via its transparent shades and at the same time a punctual light via its LEDs. A part is also indirectly reflected upwards by the shades. This lamp collection combines aesthetics with a touch of poetics, functionality and radiant light. A lamp head above the shades contains an LED and is available in the following versions: graphite-grey matt lacquered, white matt lacquered, gold satin matt or copper glossy. The canopy has the matching colour to the lamp head. The cables can be shortened if necessary. The lamp can be dimmed by the customer and is also available on request as a DALI dimmable version or dimmable via a smartphone with Casambi module. With a Casambi module, it is possible to operate the lamp via smartphone or tablet using the Casambi app via Bluetooth. Casambi technology also offers the option of switching the light on at specific times via
