Pin 1685

Oberfläche

- black
- creamy white
- green
- white

Technical details

Country of Manufacture	 Spain
Manufacturer	Vibia
Designer	Ichiro Iwasaki
Year of design	2016
protection	IP20
Scope of delivery	LED
Projection in cm	30
material	aluminum, polycarbonate, stainless Steel, zinc
switchability	On the wall bracket
LED	inclusive
Colour Rendering Index	>90
Luminous flux in lm	970
Color temperature in Kelvin	2,700 extra warm white
Shade diameter	6 cm
system performance	2 x 4.5 Watt
Wall mount dimensions	10 cm
Dimensions	H 70 cm

Description

The Vibia Pin 1865 wall lamp emits both direct and indirect light. The left horizontal arm directs its light downwards, the right vertical arm to the wall. The horizontal arm of the lamp can be rotated to side at an angle of 150 degrees. The head of the horizontal arm can be rotated about its own axis by 350 degrees. This head can also be raised by an angle of 45 degrees and lowered by 35 degrees. The head of the vertical arm can be rotated at a 45 degree angle in both directions. This head can also be tilted outwards by 45 degrees. This wall lamp is available in the following surfaces: white, black, green and cream-white. All surfaces are matt lacquered. There is an on/off switch on the wall mounting.

The Pin 1685 is a light with the horizontal arm on the left side. This version is suitable for an installation on the left side of the bed. Beside this left version there is also available a right version, the Pin 1686, with the horizontal arm on the right side.
