Year of design 2017
protection IP40
Scope of delivery LED
Diameter in cm 56

material Iron, polymethylmethacrylate,

polyurethane

**cable length** 400 cm

**dimming** integrated Pushbutton dimmer

Wattage 36 W
LED inclusive
Colour Rendering Index 90
Luminous flux in Im 4,042

Color temperature in

Kelvin

3,000 warm white

light distributiondirectly and indirectlyDimensionsH 195 cm | Ø 56 cm

## **Description**

The Stilnovo Oxygen FL2 is a floor lamp with a straight rod. The lamp shade contains a diffuser made with OptiLight technology in which micro incisions are laser engraved on the diffuser. When the lamp is switched off, the diffuser is transparent due to this technology. When switched on, the diffuser directs the light of the LEDs upwards and downwards thanks to the micro incisions. This floor lamp is available in the surfaces white, black, blue and yellow. The shade is white from the inside in every version. Thanks to the IP40 degree of protection, the lamp is protected against solid components with a diameter of 1 mm or more. A push dimmer is integrated on the cable. With the memory function, the last brightness level set is saved when the lamp is switched on.
