### Description

The Vibia Palma 3706 is a wall lamp with a horizontal light rod, three flattened diffusers and a plant pot. The three diffusers are made of hand-blown glass and emit glare-free ambient light. A total of six LEDs, each with a colour temperature of 2,700 Kelvin extra warm white, are included as illuminants. The wall light is available in white and graphite-grey. The surfaces are matt lacquered. On request, the lamp is also available with a colour temperature of 3,000 Kelvin warm white or 4,000 Kelvin white. A DALI dimmable version is also available on request.
