Description

The Vibia Palma 3734 is a pendant lamp with a horizontal rod with a length of 150 cm. Two flat diffusers, a plant pot and a LED spotlight are attached to this light rod. The two diffusers are made of mouth-blown glass and emit glare-free ambient light. The LED spotlight illuminates the plant pot. The lamp is available in graphite-grey and is matt lacquered. LEDs with a colour temperature of 2,700 Kelvin extra warm white are integrated as a light source. On request, the pendant lamp is also available with a colour temperature of 3,000 Kelvin warm white or 4,000 Kelvin white. The maximum total height is 200 cm. The cable length can be shortened if necessary. A special cable length is also available on request. A version is also available on request, which can also be dimmed with an optional Casambi module via Smartphone App.
