Description

The Arturo Alvarez Fluo FL04 is a pendant lamp with an unusual lamp shade made of galvanized painted steel mesh. The Fluo FL04 lampshade seems to float in space, held by a stainless steel suspension and a transparent cable. The white Fluo FL04 lampshade gives off soft and diffuse light. This lamp can be operated with LED retrofit bulbs and has an E27 socket. On request, this pendant lamp is also available with a black cable instead of a transparent one. The Fluo FL04 by Arturo Alvarez received the Good Design Award for its design.
