## **Description**

The Marset Santorini C is a ceiling lamp with a glass diffuser and two polycarbonate lamp shades. The two shades can be arranged and fixed differently so that the light emitted upwards is reflected differently depending on the arrangement. The lamp shades are available in white, grey and mustard yellow. With protection class IP65, this ceiling lamp is also suitable as an outdoor lamp, as it is protected against water jets from any angle and is dustproof. The ceiling bracket is made of grey painted metal and has a diameter of 12 cm. LED retrofit lamps are suitable as light sources.
