Description

The Marset Soho A LED is a wall outdoor light. With a degree of protection of IP44, it is protected against splashing water on all sides and against solid foreign bodies with a diameter of at least one millimetre. The lamp shade is attached to the wall via a metal light arm and a steel tension cable. The lamp has a depth of 88.8 cm. The lamp shade has a diameter of 57 cm and is available in stone grey, white and black. The light is emitted downwards and glare-free through a diffuser of white-opal methacrylate. The integrated LED can be dimmed on site and has a colour temperature of 2,700 Kelvin extra warm white. On request, the wall lamp Soho A LED is also available with 3,000 Kelvin warm white.
