material aluminum, stainless Steel

beam angle 36 degrees cable length 200 cm

height adjustment height adjustable

on site dimmable with a trailing edge dimming

dimmer GU10

socket/light fixture Power (max. Watt) 5.5 Watt inclusive **Colour Rendering Index** 97 Luminous flux in Im 375

Color temperature in

3,000 warm white Kelvin

on site itself bulb exchange Dimensions H 15 cm | Ø 9 cm

Description

The Ingo Maurer Canned Light LED has a Campbell's Tomato Soup can as a light shade. This is a tribute to the famous image of Andy Warhol. Inside, a replaceable LED retrofit is to be integrated. This light can be used as a pendant or wall light. The height of the pendant lamp can be infinitely adjusted with a pulley and an adjustment ring. The Canned Light LED is suitable for surface or flush mounting as well as with power cord and switch. The cable has a standard length of 200 cm and can be shortened if necessary.
