Description

The Ingo Maurer Blue Luzy is more than just a pendant lamp with a blue glove. With this lamp, an everyday object was transformed into a work of art. Thus each glove is painted in manual work with a special colour. And the light bulb at the end of the index finger is also more than it seems: This is an LED light source specially designed for this light collection with a colour temperature of 2,700 Kelvin extra warm white. The LED illuminant radiates its light glare-free into the room and can be dimmed on site. If required, the cable can be shortened. The lamp itself is 50 cm high with a maximum diameter of 25 cm.
