## Catellani & Smith Herem T

## Description

The Catellani & Smith Herem T is a table lamp with a USB adapter, with which the lamp can also be charged on the PC or notebook. It can also be used without a power socket. Its lamp head is attached to the end of a bendable flex arm. Depending on the setting of the flex arm, the overall height of the lamp varies. The LED in the lamp head is regulated by a sensor dimmer. The Herem T is completely made of raw brass.
