protection	IP20
Scope of delivery	Leuchtmittel/Bulb
Diameter in cm	45
material	crystal glass, metal
dimming	dimmable on site
Dimensions	H 17 cm Ø 45 cm

Description

The Vistosi Bot PP 45 can be used as a ceiling or wall lamp. Its lamp shade is made of white, mouth-blown crystal glass. The lamp has a diameter of 45 cm and a height of 17 cm. The light is glare-free in all directions and creates a halo effect around the lamp on the wall or ceiling. The Bot PP 45 is available in three versions: as an E27 lamp and as two LED lamps. The E27 lamp is also suitable for LED retrofits. One LED lamp can be dimmed with a trailing edge phase dimmer, the other is 0-10 volt dimmable.

Both LED lamps are supplied with a colour temperature of 2,700 Kelvin extra warm white as standard; on request, both are also available with 3,000 Kelvin warm white. The E27 lamp is also dimmable on site. The two LED lamps have a ceiling or wall bracket made of metal in matt white, the E27 lamp in glossy white.
