## Description

The Bover Drop S/12L is an LED lamp with twelve individual pendant lamps of different lengths suspended from the ceiling canopy. The Drop S/12L from the Spanish lamp manufacturer Bover can be dimmed on-site. Each borosilicate glass lampshade of the Bover Drop S/12L can be removed for replacement or cleaning. The black canopy of this pendant lamp has a diameter of 55 cm. The twelve lampshades made of borosilicate glass each have a diameter of 10.7 cm and are 11.2 cm high. This LED pendant lamp is available in the shade colours transparent, matt white, green and blue. 13 different cable lengths are available on request. You can therefore choose the length of your lamp to suit your individual requirements. When ordering, please specify the required length/distance between the ceiling and the lower edge of the lamp under the item Order overview in the Order comments field.
