Reflex2 Ceiling M150-black

surface_of_reflector

- silver
- gold
- white
- white matt

Technical details

Country of Manufacture	 Germany
Manufacturer	Serien Lighting
Designer	Jean Marc da Costa
protection	IP20
Scope of delivery	LED
material	acrylic glass, aluminum, glass
surface	black
dimming	dimmable with a trailing edge dimmer and with a leading edge dimmer
Wattage	40 W
LED	inclusive
Colour Rendering Index	>90
Luminous flux in lm	4,900
Color temperature in Kelvin	2,700 extra warm white
bulb exchange	on site itself
Dimensions	H 15 cm B 30 cm L 30 cm

Description

The frame structure of the Serien Lighting Reflex2 Ceiling M150 contains the LEDs, whose light radiates onto a prismatic reflector surface, whereby it is reflected into the room absolutely glare-free. The reflector is available in matt white, gold, silver or white. Each reflector provides a different lighting effect for this ceiling light. The Reflex2 Ceiling M150 has a colour temperature of 2700 Kelvin extra warm white.

On request, the lamp is also available with 3000 Kelvin warm white or with Tunable White technology. With Tunable White technology, the light can be controlled from incandescent warm to cool white. On request, the Serien Lighting Reflex2 Ceiling M150 is also available Dali dimmable or with Casambi module.
