| Dimensions | H 9 cm Ø 16 cm |

Description

The Serien Lighting Curling Ceiling Acryl clear S is a ceiling lamp with a lamp shade made of clear acrylic glass. Through the shade the light is emitted evenly downwards and to the sides. This lamp has a diameter of 16 cm and a height of 8.5 cm. The ceiling lamp Curling Ceiling Acrylic clear S is available with a colour temperature of 2.700 Kelvin extra warm white, 3.000 Kelvin warm white or with Dim to warm function. All versions can be dimmed on site with a leading edge or trailing edge phase dimmer. With the Dim to warm function, the colour gradient is reproduced with the warmer light colour of a classic filament lamp. The colour temperature changes when dimming from 1,800 Kelvin extra warm white to 3,000 Kelvin warm white. The Serien Lighting Curling Ceiling is also available with hand-blown glass.
