| Dimensions | H 9 cm Ø 18 cm |

Description

The Serien Lighting Curling Ceiling new silver S ceiling lamp has a diameter of 18 cm and a height of 9 cm. It is available in three versions: with a colour temperature of 2,700 Kelvin extra warm white, 3,000 Kelvin warm white or with dim to warm function. When dimmed, the lamp with dim to warm function imitates the dimming behaviour of classic incandescent lamps, which is perceived as pleasant. When dimmed down, the light not only becomes darker but also changes its colour temperature. As a result, the colour temperature of this version changes from 1,800 Kelvin extra warm white to 3,000 Kelvin warm white when dimmed. The Curling Ceiling new silver by Serien Lighting is also available with a diameter of 25 cm.
