## **Description**

The Serien Lighting Curling Suspension Rope new silver S is a pendant lamp with stainless steel cables. When mounted, this lamp can be individually set between 15 cm and 195 cm. This Curling pendant lamp has a shade diameter of 18 cm and a height of 6 cm.

The Curling Suspension Rope new silver S is available with a colour temperature of 2,700 Kelvin extra warm white, 3,000 Kelvin warm white or with dim to warm function. The lamp with dim to warm function imitates the pleasant dimming behaviour of classic incandescent lamps. When dimmed down, the light not only becomes darker but also changes its colour temperature. The colour temperature changes from 1,800 Kelvin extra warm white to 3,000 Kelvin warm white when dimmed. The Curling Suspension Rope new silver is also available with a shade diameter of 25 cm.
