Drum Suspension Rope S Short

Farbtemperatur in Kelvin

- Dim to warm
- 2,700 extra warm white
- 3,000 warm white

Technical details

Country of Manufacture	 Germany
Manufacturer	Serien Lighting
Designer	Jean Marc da Costa
Year of design	2020
protection	IP20
Scope of delivery	LED
material	acrylic glass, aluminum, glass
height adjustment	height determinable
dimming	dimmable with a trailing edge dimmer and with a leading edge dimmer
Wattage	11 W
LED	inclusive
Colour Rendering Index	>97
canopy dimensions	8 cm
Shade diameter	16 cm
Shade height	11 cm
bulb exchange	on site itself
total height	15 - 195 cm

Description

The Serien Lighting Drum Suspension Rope S Short pendant lamp can be individually set in total height between 15 cm and 195 cm when installed. It has a mouth-blown, clear glass with a conical reflector made of opal acrylic glass. The mouth-blown glass has a height of 11 cm and a diameter of 16 cm.

The Drum Suspension Rope S Short is offered in three versions: with a colour temperature of 2,700 Kelvin extra warm white, 3,000 Kelvin warm white or with dim to warm function. The lamp with dim to warm function imitates the dimming behaviour of classic incandescent lamps, which is often perceived as pleasant. In this way, the light not only becomes darker when dimmed down, but also changes its colour temperature from 1,800 Kelvin extra warm white to 3,000 Kelvin warm white.
