

LDM

Wyng Dot

Oberfläche

- bronze
- silver
- white

Version

- with Casambi module
- dimmable with a trailing edge dimmer and with a leading edge dimmer

Technical details

Country of Manufacture	 Germany
Manufacturer	LDM
Designer	Lasch + Prillwitz
protection	IP20
Scope of delivery	LED
material	acrylic glass, aluminum
cable color	transparent
height adjustment	height determinable
Wattage	32 W
LED	inclusive
Colour Rendering Index	90
Luminous flux in lm	3,232
Color temperature in Kelvin	2,700 extra warm white
canopy dimensions	7 cm
bulb exchange	at the manufacturer / at the factory
total height	120 cm
Dimensions	H 23 cm B 39 cm L 64 cm

Description

The LDM Wyng Dot is a pendant lamp made of transparent acrylic glass. The acrylic glass is printed with a precise dot grid. The integrated LED provides an even, absolutely glare-free light. During installation, the lamp can be suspended at a downward or upward angle. When the lamp is tilted downwards, the point grid is located on the top and the greater part of the light is emitted downwards. The Wyng Dot is available in white, silver metallic and bronze. Its canopy is always delivered in the matching surface.

The pendant lamp is available in two versions: dimmable on site with a leading or trailing edge phase dimmer or with integrated Casambi module. The version with Casambi module can be dimmed with the Casambi App via Bluetooth using a smartphone / tablet. The ropes of the Wyng Dot can be shortened if required. Special rope lengths are also available on request. The pendant lamp is also offered as Wyng Cube with a square grid on the acrylic glass.
