

Knapstein

AURA

Oberfläche

- nickel
- black

Technical details

Country of Manufacture	 Germany
Manufacturer	Knapstein
Designer	Knapstein
protection	IP20
Scope of delivery	LED
material	aluminum, metal
dimming	gesture control
Wattage	43 W
LED	inclusive
Colour Rendering Index	>90
Luminous flux in lm	5,100
Color temperature in Kelvin	2,700 extra warm white
lamp stand dimensions	28 cm
light head dimensions	30 cm
Dimensions	H 184 cm

Description

The Knapstein AURA floor lamp emits its light upwards to the ceiling. The lamp has a height of 184 cm. The Knapstein floor lamp can be switched and infinitely dimmed by gesture control. The sensor area for the gesture control is located in the centre of the light rod. The light is switched on or off with a wiping hand movement in the sensor area. To dim the light continuously, the hand is held near the sensor for a longer period of time. A memory function saves the last set light intensity and automatically selects it the next time the lamp is switched on. In the event of a mains failure, the lamp is automatically switched on if it was previously on. It remains switched off if it was also switched off before the mains failure. This function is suitable for use with switchable sockets.

The AURA is available in black and nickel matt finish. An LED with a colour temperature of 2,700 Kelvin extra warm white is integrated as the light source. The lamp is also offered with a rotating and swivelling reading arm.
