

Foscarini

Gioia Grande

Version

- blue
- green
- pink

Technical details

Country of Manufacture	 Italy
Manufacturer	Foscarini
Designer	Andrea Anastasio
Year of design	2019
protection	IP20
Scope of delivery	LED
Depth in cm	8
Diameter in cm	68
material	aluminum, brass, polycarbonate, polymethylmethacrylate
cable color	grey
cable length	200 cm
dimming	on site dimmable with a trailing edge dimmer
switchability	on the lead
Wattage	10 W
LED	inclusive
Colour Rendering Index	>80
Luminous flux in lm	800
Color temperature in Kelvin	2,700 extra warm white
Dimensions	Ø 68 cm

Description

The Foscarini Gioia Grande is a wall lamp with a diameter of 68 cm. In the centre of a transparent element made of polymethyl methacrylate is positioned an irregular element of white marble. Both elements are freely movable in front of an LED light source mounted on the wall. The light is emitted by the LED through the transparent element into the room, creating a halo effect around the lamp on the wall. The Gioia Grande is intended to symbolize the encounter between two worlds: the world of the past with its marble statues and the world of the present with its modern materials. The transparent element of Gioia Grande is available in blue, green and pink versions. The wall lamp has a grey plug lead with an on/off switch. For wall mounting on the direct power connection, the plug lead can be removed if necessary. The lamp is dimmable on site with a trailing edge phase dimmer. In addition to this wall light, the smaller Gioia with a diameter of 40 cm is also included in the light series.
