

Knapstein

DORA-T

Oberfläche

- nickel
- black

Technical details

Country of Manufacture	 Germany
Manufacturer	Knapstein
Designer	Knapstein
protection	IP20
Scope of delivery	LED
Projection in cm	55
material	brass, glass
dimming	Push button dimmer on the lamp base
Wattage	7 W
LED	inclusive
Colour Rendering Index	>85
Luminous flux in lm	1,190
Color temperature in Kelvin	3,000 warm white
lamp stand dimensions	length 18, width 15 cm
bulb exchange	at the manufacturer / at the factory
Dimensions	H max. 70 cm

Description

The Knapstein DORA-T is a table lamp with a rotating and tilting lamp head. A swivel joint is integrated at the base of the lamp. The lamp can also be tilted at will via a joint on the lamp arm. The DORA-T is available in black and matt nickel. An LED with a colour temperature of 2,900 Kelvin warm white is integrated into the lamp head. The table lamp can be switched and dimmed via a push button dimmer at the base of the lamp. A memory function saves the last light intensity setting and automatically sets it again the next time the lamp is switched on. In the event of a power failure, the lamp switches on automatically if it was previously switched on. It remains switched off if it was previously switched off.
