## Aura S Glass

### Oberfläche

- aluminum
- brass
- platinum
- black

### Glas

- opal
- Amber
- cognac
- smoke grey
- opal matt

## Technical details

<b>Country of Manufacture</b>	 Germany
<b>Manufacturer</b>	Holtkoetter
<b>Designer</b>	Holtkötter
<b>Year of design</b>	2020
<b>Protection class / IP rating</b>	IP20
<b>Contents of the package</b>	LED
<b>Projection in cm</b>	38
<b>material</b>	glass, metal
<b>Height adjustment</b>	height adjustable
<b>dimming</b>	Push button dimmer at the light rod
<b>Wattage</b>	16.6 W
<b>LED</b>	inclusive
<b>Colour Rendering Index</b>	>95
<b>Luminous flux in lm</b>	1,660
<b>Color temperature in Kelvin</b>	Dim to warm
<b>Reflector diameter</b>	9 cm
<b>lamp stand dimensions</b>	25 cm
<b>bulb exchange</b>	at the manufacturer / at the factory
<b>Dimensions</b>	H 120 - 150 cm

## Description

The Holtkötter Aura S Glass is a floor lamp with a reflector with a mouth-blown glass. Each glass is made in traditional craftsmanship and is unique. The lamp is available with a glass in opal matt pleated, opal matt, amber, cognac or smoke grey. In addition, the floor lamp is offered in the surfaces brass anodised, black, platinum and aluminum matt. The reflector can be aligned as desired. Thanks to the glass, light is emitted glare-free directly and laterally through the reflector into the room. Depending on the glass selected, the light emitted laterally is coloured.

The Aura S glass can be adjusted in height between 120 cm and 150 cm. The lamp is infinitely dimmable via the push button dimmer on the light rod. When dimming, the used Dim-to-warm technology changes the light colour of the integrated LED to a warmer tone (from 2,900 Kelvin warm white to 1,800 Kelvin extra warm white). A memory function saves the last light intensity setting and automatically adjusts it the next time the light is switched on. The series also includes the Aura S with a metal reflector.
