## Technical details

Country of Manufacture	 Germany
Manufacturer	less'n'more
Designer	less'n'more
protection	IP43
Scope of delivery	LED
material	aluminum, concrete, glass
beam angle	25 - 100 degrees
lamp base	concrete grey
cable color	black
cable length	200 cm
dimming	Push button dimmer at the light rod
Wattage	4.8 W
LED	inclusive
Colour Rendering Index	90
Luminous flux in lm	600
Color temperature in Kelvin	2,700 extra warm white
lamp stand dimensions	23 cm
light head dimensions	7 cm
bulb exchange	on site itself
Dimensions	H max. 152 cm

## Description

The Less'n'more Athene Concrete Floor Light Grey A-BSL is a floor lamp with a grey concrete base. The floor lamp can be tilted by 20 degrees via a ball joint on the lamp base. In addition to this lamp, a floor lamp with a white concrete lamp base is also offered from the series (Athene Concrete Floor Lamp White A-BSL).

The Athene Concrete Floor Light Grey A-BSL has a flexible lamp arm that can be bent and rotated as desired. With a maximum alignment of the lamp arm, the floor lamp has a total height of 152 cm. The flexible arm is available in the following colours: aluminum, textile black, white, anthracite, blue, green, red and brown. The beam angle of the light can be adjusted between 25 and 100 degrees by turning the glass lens out of or into the lamp head. The beam angle determines the angle at which the light emerges from an LED spotlight. The larger the beam angle, the larger the illuminated area, but it is also less bright because more area is illuminated. The Athene concrete floor lamp can be switched and dimmed via a push button on the lamp rod.

The lamp head and rod are made of aluminum and are available in the surfaces aluminum, black or white. The base of the lamp has a diameter of 23 cm and a cable roller. Due to the natural composition of the material for the base, the finishes may vary, i.e. be darker or lighter. The lamp can also be operated via a USB connection in addition to the conventional power supply. In addition to this floor lamp with plug-in supply, there is also available a cordless version with rechargeable battery, the Athene Concrete Battery Light A-ABSL. On request, the Athene floor lamp is also offered with other colours for the flexible lamp arm or with a black lamp base.
