<b>Dimensions</b>	H 35 cm

### Description

The Grupa Arigato Table Palace has a swivelling lamp arm. There is a joint on the base of the lamp that allows the table lamp to rotate 330 degrees. In addition, the lamp shade can be rotated by 360 degrees and swivelled by 125 degrees. A diffuser at the bottom of the lamp shade provides glare-free light downwards. The lamp shade is made of aluminum. The lamp rod and arm are made of steel. The Arigato Table Palace is offered in the surfaces black or white matt powder-coated. Other finishes are also available on request. The lamp can be operated via an on/off switch on the supply line. E27 halogen lamps or LED retrofit lamps are suitable as illuminants. In addition to this table lamp, the manufacturer Grupa also offers the Arigato Table with a double-jointed lamp arm.
