<b>Base / Socket</b>	G9
<b>Switchability</b>	on the lead
<b>Power (max. Watt)</b>	5 Watt
<b>lamp stand dimensions</b>	15 cm
<b>bulb exchange</b>	on site itself
<b>Dimensions</b>	H 34 cm

## Description

The Oluce Mini Coupé 2201 is offered here as a set of 2 lamps with the same finish. This table lamp is a smaller version of the lamp that Joe Colombo already designed in 1976. It has a height of 34 cm and an adjustable lamp shade made of aluminum. Its shade can be moved in height along the light rod and can also be rotated as desired, so that the light can be directed exactly where it is needed. The table lamp is available in the surfaces black glossy, bronze anodised, mustard yellow and scarlet red. The aluminum lamp shade and the metal lamp base are supplied in the same colour. The lamp rod is always made of chrome-plated metal. There is an on/off switch on the supply cable. The Mini Coupé 2201 can be operated with a replaceable G9 LED retrofit.
