

Bomma

Orbital Table

Glasfarbe

- pink
- black
- white
- clear

Version

- gold
- silver

Technical details

Country of Manufacture	 Czechia
Manufacturer	Bomma
Designer	Studio deFORM
protection	IP20
Scope of delivery	LED 230 Volt
material	crystal glass, stainless Steel, Textile
cable color	black
cable length	180 cm
dimming	dimmable on site
socket/light fixture	E27
switchability	on the lead
Power (max. Watt)	13 Watt
LED	inclusive
Shade diameter	36 cm
bulb exchange	on site itself
Dimensions	H 43,5 cm B 25 cm

Description

The Bomma Orbital Table consists of two outer glasses and a ring-shaped middle part as well as a lamp base made of stainless steel. The two glasses are made individually from mouth-blown crystal glass. Small bubbles and irregularities in the glass are a characteristic feature of traditional glassblowing. During the manufacturing process, clear crystal glass is mixed with coloured glass, which makes the glass colour particularly durable. As each glass is made individually, it is unique, so that the colour shade and intensity can vary.

With the Orbital Table, one glass is always clear, the other glass is offered in the colours polaris white, mercury black, venus pink and clear. The base of the lamp is available in silver or patinated gold. The middle part of the lamp has the same surface as the base. The Orbital table lamp has an E27 socket that can be operated with a replaceable Globe LED Retrofit.
