<b>Wattage</b>	17.9 W
<b>LED</b>	inclusive
<b>Colour Rendering Index</b>	>90
<b>Luminous flux in lm</b>	2,680
<b>Color temperature in Kelvin</b>	2,700 extra warm white
<b>canopy dimensions</b>	27 cm
<b>Dimensions</b>	H 79 cm   Ø 26 cm

### Description

This Bomma Pebbles Pendant Small consists of three differently shaped glasses. With this pendant lamp, two of the three glasses are always in the same colour combination. The middle glass is offered in the versions green or red. The other two glasses always have these colours:

- the top glass is light grey
- the lowest glass is white.

If desired, the three glasses of the lamp can also be arranged in a different order. Each glass is made individually from mouth-blown crystal glass. Any small bubbles or irregularities in the glass may occur during the traditional glassblowing process and are a sign of this handcrafted art. During the production process, clear crystal glass is mixed with coloured glass so that the glass colour is particularly long-lasting. Each glass is individually hand-worked, so the colour intensity and tone can vary.

The metal suspension of the pendant lamp is powder-coated in matt black. The cable has a maximum length of 250 cm and can be shortened if necessary. On request, the lamp is also available with other cable lengths. The integrated LED has a colour temperature of 2,700 Kelvin extra warm white. The Pebbles pendant lamp is also offered by Bomma in other colour and shape combinations of the glasses. A lamp with any glass combination can also be put together on request.
